The banner is a solid light blue rectangle with a repeating pattern of the word "BREAKBULK" in a lighter shade. The main text is centered and uses various weights and colors (dark blue, light blue, white) to create a hierarchy of information.

Meet us at Breakbulk

From 21 to 23 May, Breakbulk, the largest project cargo and breakbulk event, will take place in Ahoy Rotterdam and Groot Ship Design will be present. Our team is looking forward to meet you, to explain our way of working according 'Co-creation in Ship design'. Hot topics are sustainable shipping, EEDI, CII and ETS. Challenges for owners to meet the demands of our society and prepare for the reality of tomorrow.

In this newsletter you find a good number of examples, results of recent projects, illustrating what we achieved together with our clients. We are extremely happy (and proud) to report that the actual list of vessels, according GSD design, on order and under construction includes more than 80 vessels.

To achieve this number, Groot Ship Design is cooperating with the respective owners and shipyards in China, India, Indonesia and the Netherlands.

Ready to Co-create your new Ship Design? Please [call us](#), [send us an email](#) or visit us at Breakbulk at stand 1L27!

Groot XL and SG Design series

From 2020 we are busy introducing our standard design for a versatile Minibulker/MPV series, the GROOT XL family of vessels. The success of the series is evident from the fact that already 10 vessels of the 5200XL type and 2 vessels of the 5900XL type are in service today. The actual newbuild list now includes....
