

### Christmas edition

With our team providing designs and technical information to various clients around the world, the delivery of mv 'Vertom Patty' and the nearby delivery of mv 'Canopée', we found a brief moment to reflect and send out our Christmas greetings.

2022 was a moving year for many of us. A year in which lives of a lot of people were put upside down. We feel lucky and grateful that it was a good year for Groot Ship Design. We can report many new confirmed yard numbers (vessels contracted and reported 'under construction') and various vessels were delivered to their respective owners.

The vessels in the 'Wilson Flex' series of Arkon/Wilson are proving themselves on a daily basis, the performance of the 'Vertom Patty' is better than calculated. Soon 'Canopée' is expected to pick up her first cargoes and sail them to South America.

For the years to come we expect more deliveries from China, Indonesia, India and Europe. These are standard MPVs, minibulkers, project cargo carriers, heavy lift vessels and special cargo vessels. All a result of our Co-Creation in Ship Design!

Thank you for the cooperation in the last year, we look forward to next year.

The Groot Ship Team wishes you a Merry Christmas and a healthy and prosperous 2023.

### 'Vertom Patty' handed over

Congratulations to Thecla Bodewes Shipyards and Vertom Group on the handover of the 'Vertom Patty'. The Groot Ship Design team is proud to have been trusted to develop this design and perform the structural engineering to build this vessel. [Read more >>](#)
