

## Meet us at SMM Hamburg Hall B7 stand 418

Groot Ship Design will attend this year's SMM in Hamburg. When you have the opportunity to come to the SMM, please visit us in the Holland Pavilion [Hall B7, stand 418](#).

In this newsletter you can read the latest developments in our recent and current projects. Other topics from the recent past, can be found on the news section of our website.

At the offices of Groot Ship Design it is currently a busy and promising time. The predicted renewal of the coastal fleet, turned into reality in the last few years. Despite two years of Covid and the terrible war in Ukraine we are still involved in many projects. We feel grateful that, even with all the uncertainty in the world, so many clients continued to believe in the future with our designs and the performance of our team.

If you'd like to make an appointment to discuss your ideas when visiting SMM, please [click here](#) to contact us or use [info@grootshipdesign.nl](mailto:info@grootshipdesign.nl) to send us an email.

We are looking forward to see you!

### Williwaw project

In close collaboration with the parties Zéphyr & Borée and Blue Wasp Marine, a project proposal for a next-generation container vessel (600 TEU capacity) utilizing wind as dominant medium for propulsion was arranged. [Read more >>](#)

### VERTOM 5600 design

We are very happy to report that our successful cooperation with Vertom in the VERTOM 7000 design proceeds with a next design, the VERTOM 5600. [Read more >>](#)

## Energy transitions and Groot Ship Design

Covering the topic 'Energy Transition', we were requested to make a contribution to the Dutch magazine SWZ Maritime. As a design house we work on many ideas for new vessels and try to implement new technologies in our designs. [Read more >>](#)
