

## Ship launching edition

Due to the occasion that we had 4 different ship launches in a short period of 4 weeks we decided to send out a special edition of our newsletter. In this newsletter you will find an overview of the 4 launches. All 4 ships are different but have common roots, the design was made by Groot Ship Design. Although they all serve the short sea market, the 4 vessels are different arranged. The variation in cargo hold, superstructure and propulsion meets the requirements of the various shipping companies, which makes each vessel unique and fitted for their purpose.

These 4 vessels are great examples of our 'Co-Creation in Shipdesign'.
